

The September Savings Challenge!

How it Works.

Print and use the September Calendar on the next page to keep track of your savings this month.

The goal is \$300 by the end of September (30 days) which means you need to save \$10 a day!

Once you've saved your goal for that day, put a check mark inside the piggy bank so you can track your progress!

Once the month is over, you'll have \$300 saved! Happy Saving!
